

Pressure regulators for use with medical gases —

Part 1: Pressure regulators and pressure regulators with flow metering devices

The European Standard EN 738-1:1997, with the incorporation of
amendment A1:2002, has the status of a British Standard

ICS 11.040.10; 23.060.40

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee CH/44, Anaesthetic machines, breathing attachments, medical gas pipeline systems and hose assemblies, upon which the following bodies were represented:

- Association of Anaesthetists of Great Britain and Ireland
- Association of British Health-care Industries
- British Anaesthetic and Respiratory Equipment Manufacturers' Association
- Department of Health

The following bodies were also represented in the drafting of the standard, through a subcommittee:

- Institute of Health-care Engineering and Estate Management
- Safety Equipment Association

This British Standard, having been prepared under the direction of the Health and Environment Sector Board, was published under the authority of the Standards Board and comes into effect on 15 July 1997
