Methods of test for masonry units

Part 11: Determination of water absorption of aggregate concrete, autoclaved aerated concrete, manufactured stone and natural stone masonry units due to capillary action and the initial rate of water absorption of clay masonry units

National foreword

This British Standard is the UK implementation of EN 772-11:2011. It supersedes BS EN 772-11:2000, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/519/1, Masonry units.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
