Methods of test for masonry units

Part 18: Determination of freeze-thaw resistance of calcium silicate masonry units

National foreword

This British Standard is the UK implementation of EN 772-18:2011. It supersedes BS EN 772-18:2000 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/519/1, Masonry units.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
