

Methods of test for masonry units —

Part 2: Determination of percentage area of voids in masonry units (by paper indentation)

The European Standard EN 772-2:1998, with the incorporation of amendment A1:2005, has the status of a British Standard

ICS 91.100.20

National foreword

This British Standard is the official English language version of EN 772-2:1998, including amendment A1:2005. It is included in a package of standards declared by CEN/TC 125 and is intended that it will partially supersede BS 6073-1:1981, *Specification for precast concrete masonry units* which will be withdrawn on 30 September 2000 if all the European Standards included in the package are available.

The start and finish of text introduced or altered by CEN amendment is indicated in the text by tags **A1** **A1**. Tags indicating changes to CEN text carry the number of the amendment. For example, text altered by CEN amendment A1 is indicated by **A1** **A1**.

The UK participation in its preparation was entrusted by Technical Committee B/519, Masonry and associated testing, to Subcommittee B/519/1, Masonry units, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
