

Advanced technical ceramics — Thermomechanical properties of monolithic ceramics

Part 5: Determination of elastic moduli at elevated temperatures

ICS 81.060.30

National foreword

This British Standard is the UK implementation of EN 820-5:2009.

The UK participation in its preparation was entrusted to Technical Committee RPI/13, Advanced technical ceramics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 July 2009
