National foreword

This British Standard is the UK implementation of EN 834:2013, incorporating corrigendum April 2015. It supersedes BS EN 834:1995, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee CPI/30, Measurement of fluid flow in closed conduits.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
