

Methods of test for

Dense shaped refractory products

Part 12. Determination of pyrometric cone equivalent (refractoriness)

The European Standard EN 993-12 : 1997 has the status of a British Standard

ICS 81.080

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee RPI/1, Refractory products and materials, to Subcommittee RPI/1/1, Sampling and physical testing of refractory materials, upon which the following bodies were represented:

- British Ceramic Research Ltd.
- British Industrial Ceramic Manufacturers' Association
- British Metallurgical Plant Constructors' Association
- British Steel Industry
- British Vermiculite Association
- Refractories Association of Great Britain
- Refractory Contractors' Association
- Society of Glass Technology

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 August 1997
