Semiconductor devices

Part 17: Magnetic and capacitive coupler for basic and reinforced insulation

National foreword

This British Standard is the UK implementation of EN IEC 60747-17:2020. It is identical to IEC 60747-17:2020, incorporating corrigendum January 2021. It supersedes DD IEC/PAS 60747-17:2011, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EPL/47, Semiconductors.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
