

BSI Standards Publication

Dielectric and resistive properties of solid insulating materials

Part 3-4: Determination of resistive properties (DC methods) - Volume
resistance and volume resistivity at elevated temperatures

National foreword

This British Standard is the UK implementation of EN IEC 62631-3-4:2019. It is identical to IEC 62631-3-4:2019. Together with BS EN 62631-1:2011, it supersedes BS 5823:1979 (dual numbered as IEC 60345:1971), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GEL/112, Evaluation and qualification of electrical insulating materials and systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
