

BSI Standards Publication

Insulating liquids - Test methods for the determination of interfacial tension of insulating liquids - Determination with the ring method

National foreword

This British Standard is the UK implementation of EN IEC 62961:2018. It is identical to IEC 62961:2018.

The UK participation in its preparation was entrusted to Technical Committee GEL/10, Fluids for electrotechnical applications.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
