

BSI Standards Publication

**Microbiology of the food chain —
Horizontal method for the detection of
pathogenic *Yersinia enterocolitica***

National foreword

This British Standard is the UK implementation of EN ISO 10273:2017. It is identical to ISO 10273:2017. It supersedes BS EN ISO 10273:2003, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee AW/9, Microbiology.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
