

Geosynthetics — Tensile test for joints/ seams by wide-width strip method (ISO 10321:2008)

ICS 59.080.70

National foreword

This British Standard is the UK implementation of EN ISO 10321:2008. It supersedes BS EN ISO 10321:1996 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/553, Geotextiles and geomembranes.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 September 2009.
