

Textiles — Tests for colour fastness

Part G02: Colour fastness to burnt-gas fumes

ICS 59.080.01

National foreword

This British Standard is the UK implementation of EN ISO 105-G02:1997. It is identical with ISO 105-G02:1993, incorporating corrigenda November 1995 and September 2009. It supersedes the relevant method in BS 1006:1990 which is withdrawn by amendment.

The start and finish of text introduced or altered by corrigendum is indicated in the text by tags. Text altered by ISO corrigendum November 1995 is indicated in the text by AC₁ AC₁.

The start and finish of text introduced or altered by corrigendum is indicated in the text by tags. Text altered by ISO corrigendum September 2009 is indicated in the text by AC₂ AC₂.

The UK participation in its preparation was entrusted to Technical Committee TCI/81, Colour fastness and colour measurement of textiles.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 August 1997
