

Soil quality — Determination of soil water content as a volume fraction using coring sleeves — Gravimetric method

ICS 13.080.05

National foreword

This British Standard is the UK implementation of EN ISO 11461:2014. It is identical to ISO 11461:2001. It supersedes BS ISO 11461:2001, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EH/4, Soil quality.

A list of organizations represented on this committee can be obtained on request to its secretary.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Health and Environment Sector Policy and Strategy Committee, was published under the authority of the Standards Policy and Strategy Committee on 3 September 2001
