

Petroleum and natural gas industries — Completion fluids and materials —

Part 3: Testing of heavy brines

The European Standard EN ISO 13503-3:2005 has the status of a British Standard

ICS 75.100

National foreword

This British Standard is the UK implementation of EN ISO 13503-3:2005, incorporating corrigendum July 2007. It is identical with ISO 13503-3:2005, incorporating corrigendum April 2006.

The UK participation in its preparation was entrusted by Technical Committee PSE/17, Material and equipment for petroleum, petrochemical and natural gas industries, to Subcommittee PSE/17/-/3, Drilling and completion fluids and well cements.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 13 January 2006
