

# Petroleum and natural gas industries — Design and operation of subsea production systems —

## Part 7: Completion/workover riser systems

This European Standard EN ISO 13628-7:2006 has the status of a  
British Standard

ICS 75.180.10

National foreword

This British Standard was published by BSI. It is the UK implementation of EN ISO 13628-7:2006. It is identical with ISO 13628-7:2005.

The UK participation in its preparation was entrusted by Technical Committee PSE/17, Materials and equipment for petroleum, petrochemical and natural gas industries, to Subcommittee PSE/17/-/4, Drilling and production equipment.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

**Compliance with a British Standard cannot confer immunity from legal obligations.**

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 13 December 2005
