

Metallic coatings — Coatings other than those anodic to the basis metal — Accelerated corrosion tests — Method for the evaluation of results

The European Standard EN ISO 1462:1995 has the status of a British Standard

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee STI/37, Corrosion tests, upon which the following bodies were represented:

- Aluminium Federation
- Aluminium Finishing Association
- Department of Trade and Industry (National Physical Laboratory)
- Federation of the Electronics Industry
- Institute of Corrosion
- Institute of Metal Finishing
- Metal Finishing Association
- Ministry of Defence
- NDT Trade Association
- Royal Society of Chemistry
- Society of Motor Manufacturers and Traders Limited
- Zinc Development Association

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 May 1995
