Intelligent transport systems — Traffic and travel information messages via traffic message coding

Part 2: Event and information codes for Radio Data System-Traffic Message Channel (RDS-TMC) using ALERT-C

National foreword

This British Standard is the UK implementation of EN ISO 14819-2:2021. It is identical to ISO 14819-2:2021. It supersedes BS EN ISO 14819-2:2013, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EPL/278, Intelligent transport systems.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
