Medical devices — Symbols to be used with medical device labels, labelling and information to be supplied

Part 1: General requirements
(ISO 15223-1:2016)

National foreword

This British Standard is the UK implementation of EN ISO 15223-1:2016. It supersedes BS EN ISO 15223-1:2012 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee CH/210, Quality management and corresponding general aspects for medical devices, to subcommittee CH/210/3, General terminology and symbols for Medical Devices.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
