

Petroleum and natural gas industries — Field inspection of new casing, tubing and plain-end drill pipe

ICS 75.180.10

National foreword

This British Standard is the UK implementation of EN ISO 15463:2003. It is identical to ISO 15463:2003, incorporating corrigendum August 2009.

The UK participation in its preparation was entrusted by Technical Committee PSE/17, Materials and equipment for petroleum, petrochemical and natural gas industries, to Subcommittee PSE/17/-/5, Casing, tubing and drill pipe.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 19 December 2003
