

Indoor air —

Part 1: General aspects of sampling strategy

The European Standard EN ISO 16000-1:2006 has the status of a
British Standard

ICS 13.040.20

Confirmed October 2010

National foreword

This British Standard is the official English language version of EN ISO 16000-1:2006. It is identical with ISO 16000-1:2004.

The UK participation in its preparation was entrusted by Technical Committee EH/2, Air quality, to Subcommittee EH/2/3, Ambient atmospheres, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the EN title page, the ISO title page, pages iv to vii, a blank page, pages 1 to 21 and a back cover.

The BSI copyright notice displayed in this document indicates when the document was last issued.
