BSI Standards Publication

Petroleum and natural gas industries — Materials selection for high content CO₂ for casings, tubings and downhole equipment

National foreword

This British Standard is the UK implementation of EN ISO 17348:2016.

The UK participation in its preparation was entrusted to Technical Committee PSE/17, Materials and equipment for petroleum, petrochemical and natural gas industries.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
