

BSI Standards Publication

Processing of health care products - Information to be provided by the medical device manufacturer for the processing of medical devices

National foreword

This British Standard is the UK implementation of EN ISO 17664:2017. It is identical to ISO 17664:2017. It supersedes BS EN ISO 17664:2004, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee CH/198, Sterilization and Associated Equipment and Processes.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
