

BSI Standards Publication

Mining – Mobile machines working underground – Machine safety (ISO 19296:2018)

National foreword

This British Standard is the UK implementation of EN ISO 19296:2018. It supersedes BS EN 1889-1:2011, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee MRE/1, Mining mechanical equipment and machinery.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
