**Stationary source emissions
— Determination of the
mass concentration of
dinitrogen monoxide (N₂O)
— Reference method: Non-
dispersive infrared method
(ISO 21258:2010)**

National foreword

This British Standard is the UK implementation of EN ISO 21258:2010.

The UK participation in its preparation was entrusted to Technical Committee EH/2/1, Stationary source emission.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
