

BSI Standards Publication

Building and civil engineering sealants — Assessment of the fungal growth on sealant surfaces

National foreword

This British Standard is the UK implementation of EN ISO 21265:2024. It is identical to ISO 21265:2021. It supersedes BS ISO 21265:2021, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/547, Sealants for building and construction.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations

This publication has been prepared in good faith, however no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by BSI in relation to the adequacy, accuracy, completeness or reasonableness of this publication. All and any such responsibility and liability is expressly disclaimed to the full extent permitted by the law.
