

Copper — Hydrogen embrittlement test

The European Standard EN ISO 2626:1995 has the status of a
British Standard

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee NFE/34, Copper and copper alloys, upon which the following bodies were represented:

- British Bathroom Council
- British Cable Makers' Confederation
- British Non-ferrous Metals Federation
- British Refrigeration Association
- British Valve and Actuator Manufacturers' Association
- Copper Development Association
- London Metal Exchange
- Non-ferrous Metal Stockists
- Transmission and Distribution Association (BEAMA Limited)
- Coopted members

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- British Plumbing Fittings Manufacturers' Association
- British Railways Board
- British Turned-parts Manufacturers' Association
- Institution of Incorporated Executive Engineers
- London Regional Transport
- National Association of Plumbing, Heating and Mechanical Services Contractors
- Power Generation Contractors' Association (PGCA) (BEAMA Ltd.)
- Spring Research and Manufacturers' Association

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 September 1995
