Petroleum and natural gas industries — Compact flanged connections with IX seal ring

National foreword

This British Standard is the UK implementation of EN ISO 27509:2020. It is identical to ISO 27509:2020. It supersedes BS EN ISO 27509:2012, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PSE/17/-/6, Processing equipment and systems for petroleum and natural gas industries.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
