

BSI Standards Publication

Clinical dosimetry — Dosimetry with solid thermoluminescence detectors for photon and electron radiations in radiotherapy

National foreword

This British Standard is the UK implementation of EN ISO 28057:2021. It is identical to ISO 28057:2019. It supersedes BS EN ISO 28057:2018, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee NCE/2, Radiation protection and measurement.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
