

BSI Standards Publication

Plastics — Polypropylene and propylene-copolymers — Determination of thermal oxidative stability in air — Oven method

National foreword

This British Standard is the UK implementation of EN ISO 4577:2019. It is identical to ISO 4577:2019. It supersedes BS EN ISO 4577:1999, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/82, Thermoplastic materials.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
