

*Incorporating
Amendment No. 1 to
BS 2782-4:Methods
462A and 462B:1978
(renumbers the BS as
BS EN ISO 4614:2000)*

**Plastics —
Melamine-formaldehyde
mouldings —
Determination of
extractable
formaldehyde**

IMPORTANT NOTE. Before reading this it is essential to read
BS 2782-0:1995, issued separately.

The European Standard EN ISO 4614:1999 has the status of a
British Standard

ICS 83.080.10; 83.140.99

National foreword

This British Standard is the English language version of EN ISO 4614:1999. It is identical with ISO 4614:1977.

Additional information

With reference to **7.1.1.1** and **8.1.1.1**, water complying with the requirements of BS 3978 is suitable.

Warning note

This British Standard method, which is identical with EN ISO 4614, does not necessarily detail all precautions necessary to meet the requirements of the Health and Safety at Work etc. Act 1974. Attention should be paid to any appropriate safety precautions and the method should be operated only by trained personnel.

Change of identifier

Wherever BS 2782:Part 4:Methods 462A and 462B:1978 appears in this standard, it should be read as BS EN ISO 4614:2000.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the EN ISO title page, page ii, pages 1 to 4, an inside back cover and a back cover.

The BSI copyright notice displayed in this document indicates when the document was last issued.

This British Standard, having been prepared under the direction of the Sector Committee for Materials and Chemicals, was published under the authority of the Standards Committee and comes into effect on 30 June 1978
