

BSI Standards Publication

Inland navigation vessels – Manually- and power-operated coupling devices for rope connections of pushing units and coupled vessels – Safety requirements and main dimensions (ISO 6218:2019)

National foreword

This British Standard is the UK implementation of EN ISO 6218:2019. It supersedes [BS EN ISO 6218:2015](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee SME/32, Ships and marine technology - Steering committee.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
