General methods of test for pigments and extenders

Part 21: Comparison of heat stability of pigments
using a stoving medium (ISO 787-21:1979)

National foreword

This British Standard is the UK implementation of EN ISO 787-21:2017. It is identical to ISO 787-21:1979. It supersedes BS 3483-C8:1980, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee STI/1, Pigments.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
