

Ostomy collection bags —

Part 2: Requirements and test methods

The European Standard EN ISO 8670-2:1996 has the status of a British Standard

ICS 11.140; 11.180

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee CH/47, Aids for ostomy and incontinence, upon which the following bodies were represented.

- Association of Continence Advisors
- British Association of Urological Surgeons
- British Colostomy Association
- British Surgical Trades Association
- Chartered Society of Physiotherapy
- Department of Health
- Guild of Hospital Pharmacists
- Ileostomy Association of Great Britain and Ireland
- Infection Control Nurses' Association
- Medical Research Council
- Medical Sterile Products Association
- National Association of Health Care Supplies Managers
- Royal College of Nursing
- Royal College of Surgeons of England

This British Standard, having been prepared under the direction of the Health and Environment Sector Board, was published under the authority of the Standards Board and comes into effect on 15 May 1997
