

Pigments and extenders — Methods of dispersion for assessment of dispersion characteristics —

Part 3: Dispersion using a high-speed impeller mill

The European Standard EN ISO 8780-3:1995 has the status of a
British Standard

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Pigments, Paints and Varnishes Standards Policy Committee (PVC/-) to Technical Committee PVC/1, upon which the following bodies were represented:

- Aluminium Powder and Paste Association
- British Cement Association
- British Railways Board
- Chemical Industries' Association
- Oil and Colour Chemists Association
- Paintmakers Association of Great Britain Ltd
- Titanium Pigment Manufacturers Technical Committee
- Zinc Development Association

This British Standard, having been prepared under the direction of the Pigments, Paints and Varnishes Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 30 April 1991
