

BSI Standards Publication

Acoustics — Determination of occupational noise exposure — Engineering method (ISO 9612:2009)

National foreword

This British Standard is the UK implementation of EN ISO 9612:2009.

The UK participation in its preparation was entrusted to Technical Committee IST/15, Software and systems engineering.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
