

Printed board assembly products — Manufacturing description data and transfer methodology —

Part 2: Generic requirements

ICS 31.180

National foreword

This British Standard was published by BSI. It is the UK implementation of IEC 61182-2:2006.

The UK participation in its preparation was entrusted to Technical Committee GEL/93, Design automation.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 May 2007
