**Software interface for  
maintenance information  
collection and analysis (SIMICA):  
Exchanging test results and  
session information via the  
extensible markup language  
(XML)**

## National foreword

This British Standard is the UK implementation of IEC 61636-1:2016.

The UK participation in its preparation was entrusted to Technical Committee EPL/501, Electronic Assembly Technology.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
