

BS IEC 62651:2013

BSI Standards Publication

Nuclear power plants — Instrumentation important to safety — Thermocouples: characteristics and test methods

National foreword

This British Standard is the UK implementation of IEC 62651:2013.

The UK participation in its preparation was entrusted to Technical Committee NCE/8, Reactor instrumentation.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
