Printed electronics

Part 202-7: Materials — Printed film — Measurement of peel strength
for printed layer on flexible substrate by the 90° peel method

National foreword

This British Standard is the UK implementation of IEC 62899-202-7:2021.

The UK participation in its preparation was entrusted to Technical Committee AMT/9, Printed Electronics.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
