

BSI Standards Publication

Conceptual model of standardization for multimedia car systems and equipment

National foreword

This British Standard is the UK implementation of IEC 63038:2016.

The UK participation in its preparation was entrusted to Technical Committee EPL/100, Audio, video and multimedia systems and equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
