

BSI Standards Publication

Top priority standards development status in the domain of smart energy

National foreword

This British Standard is the UK implementation of IEC SRD 63199:2020.

The UK participation in its preparation was entrusted to Technical Committee L/13, Smart Energy Systems coordination group.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
