

Motorcycle chains — Characteristics and test methods

ICS 43.140

Confirmed February 2012

National foreword

This British Standard is the UK implementation of ISO 10190:2008. It supersedes BS 7615:1992 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee MCE/1, Chains and chain sprockets for power transmission and conveyors.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 July 2008
