

BSI Standards Publication

**Plastics piping systems —
Glass-reinforced thermosetting
plastics (GRP) pipes and fittings
— Determination of the
resistance to chemical attack
for the inside of a section in a
deflected condition**

National foreword

This British Standard is the UK implementation of ISO 10952:2014. It supersedes BS ISO 10952:2008 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/88/2, Plastics piping for pressure applications.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
