

BSI Standards Publication

Milling cutters — Designation — Shank-type and bore- type milling cutters of solid or tipped design or with indexable cutting edges

National foreword

This British Standard is the UK implementation of ISO 11529:2013. It supersedes BS ISO 11529-1:2005 and BS ISO 11529-2:2005 which are withdrawn.

The UK participation in its preparation was entrusted to Technical Committee MTE/18, Tools tips and inserts for cutting applications.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
