Tools for pressing — Gas springs

Part 5: Safety instructions for gas springs

National foreword

This British Standard is the UK implementation of [ISO 11901-5:2021](#).

The UK participation in its preparation was entrusted to Technical Committee MTE/12, Tools for pressing and moulding.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
