

BSI Standards Publication

Small craft — Carbon monoxide (CO) detection systems and alarms

National foreword

This British Standard is the UK implementation of ISO 12133:2021.

The UK participation in its preparation was entrusted to Technical Committee GME/33, Small craft.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
