

Implants for surgery — Mechanical testing of implantable spinal devices — Fatigue test method for spinal implant assemblies using an anterior support

ICS 11.040.40

National foreword

This British Standard is the UK implementation of ISO 12189:2008.

The UK participation in its preparation was entrusted to Technical Committee CH/150/5, Osteosynthesis and spinal devices.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 28 February 2009
