

BSI Standards Publication

**Environmental management systems —
Guidelines for incorporating material
circulation in design and development**

National foreword

This British Standard is the UK implementation of [ISO 14009:2020](#).

The UK participation in its preparation was entrusted to Technical Committee SES/1/1, Environmental management systems.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
