

BSI Standards Publication

Machine tools — Environmental evaluation of machine tools

Part 5: Principles for testing woodworking machine
tools with respect to energy supplied

National foreword

This British Standard is the UK implementation of ISO 14955-5:2020.

The UK participation in its preparation was entrusted to Technical Committee MTE/1, Machine tools.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
